Tempe creates outstanding value for those we serve through shared vision, superior service and sustainable practices."

ASU's Certified Public Manager Program is approved for all interested employees as part of City Manager Charlie Meyer's leadership development initiative. Tempe's long-standing educational partnership with the ASU Certified Public Manager Program has certified over 70 city employees who continue to contribute their highest, best talents to help Tempe create outstanding value.

ABOUT THE PROGRAM:

The Certified Public Manager Program is a broad-based management development program, designed to provide public sector professionals with a unique training experience that translates into maximizing the effectiveness of government organizations. As part of a national consortium, this certification program offers practitioner-oriented course work consisting of fresh approaches, new ideas, and usable information. The 300-hour (172 classroom hours) program consists of sequential levels of instruction in management theory and practice. The time to complete the program is generally 12 to 18 months. The highly interactive coursework is designed specifically for adult learners and participants are encouraged to relate course assignments to applied work-related projects.

SELECTION:

A maximum of ten employees <u>may be</u> selected during each recruitment cycle. Applicants must be regular employees who are eligible to receive tuition reimbursement benefits as part of their benefits package. **NOTE:** Fees (tuition and books) are paid in advance by TLC utilizing the selected employee's annual tuition reimbursement benefit. Should employees participate in the CPM program along with other pre-approved, tuition reimbursement eligible courses, amounts exceeding the annual tuition and book reimbursement benefit will be the financial responsibility of the employee.
